**Faculty of Management Warsaw University**

## About the Organisers

The main organiser of the Summer School is the Faculty of Management, University of Warsaw, implemented in cooperation with the Faculty of Law and Administration, University of Warsaw. The project is financed by the Polish National Agency for Academic Exchange (NAWA) as part of programmes supporting the internationalisation of higher education and academic research.

This inter-faculty collaboration ensures an interdisciplinary approach, integrating perspectives from management and law, as well as research on the impact of emerging technologies on the economy and society.

## **International Summer School 2026**

Warsaw, Poland | 23–30 May 2026

THE FACULTY OF MANAGEMENT, UNIVERSITY  
OF WARSAW INVITES STUDENTS AND  
ACADEMIC RESEARCHERS FROM UNIVERSITIES  
AROUND THE WORLD TO PARTICIPATE IN THE  
INTERNATIONAL SUMMER SCHOOL 2026

ARTIFICIAL INTELLIGENCE  
IN SOCIAL SCIENCES AND MANAGEMENT

The AI Summer School 2026 is open to international participants from non-Polish higher education institutions.

**Applications are invited from:**

- **Students**
- **PhD candidates**
- **Academic staff holding a PhD degree (PhD holders)**

Applicants must be currently enrolled in or employed by a foreign (non-Polish) university, demonstrate a strong academic interest in the thematic focus of the programme, and hold English language proficiency at a minimum level of B2.

The event will take place in Warsaw, Poland, from 23 to 30 May 2026 and will bring together an international academic community to engage in advanced, interdisciplinary dialogue on the impact of artificial intelligence on management, economics, law, marketing, finance, and the broader social sciences.

This exceptional initiative will, for the first time, convene leading and emerging scholars specialising in artificial intelligence and management sciences within a single, integrated research-oriented programme. Beyond knowledge exchange, the event is designed as a platform for building international research networks, developing joint research agendas, and initiating future interdisciplinary projects addressing AI-driven transformations of organisations, markets, governance, and society.

**The first round of applications is open until 28 February 2026.**

*The recruitment process is conducted in accordance with the principles of equal opportunity and non-discrimination, and all applications are evaluated solely on academic merit and relevance to the programme's scope.*
